CHECKWEIGHER VISION SYSTEMS

CHECKWEIGHER VISION SYSTEMS

Pinnacle Engineering's **CHECKWEIGHER VISION SYSTEM RETROFIT** package includes all hardware and software necessary to inspect your product.

The system is based on the Cognex Insight Vision Sensor and uses the existing checkweigher reject system to discharge the defective product.

Capabilities Include:

- 👁 Package Inspection.
- 👁 Cap Inspection.
- 👁 Label Inspection.
- 👁 Barcode and Data Matrix Verification.
- 👁 Other Inspection Items.

Features Include:

- 👁 Use Your Existing Reject Device using Parts Counting or Timers.
- 👁 Program Selector Switch for Multiple programs.
- 👁 Display Included and NO PC Required.
